To Whom It May Concern:

I am pleased to write this letter of recommendation for Jeff Halperin and D&H Construction.

Our project was a difficult one that Jeff handled with professionalism and dispatch. We are a start-up high school that needed a space (once part of a nursery school) not only renovated to handle a high school's requirements, but done in time for school to open.

Jeff and his associate, Curtis King, kept the work on or ahead of schedule during the entire project. They were helpful to us in every phase and patient with our questions and the inevitable changes.

D&H Construction made it possible for The Jewish Community High School of the Bay to start school as scheduled in a space suited to its needs. This would not have happened without Jeff Halperin's expertise.

Sincerely,

Lawrence Fischer
Head of School
